## The market leader

Reception building, Lüdenscheid

Busch-Jaeger is the market leader with over 100 years of history in the field of electrical installation technology. We have manufacturing plants at two sites in Germany and five in other countries.

The company is part of the ABB group and employs approximately 1,150 staff in Lüdenscheid and Aue. We export to more than 60 countries.

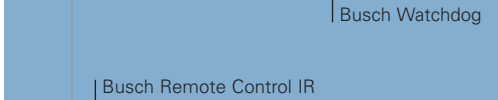

### In partnership with craftsmen

Constant achievement during the continuous further development of our products is the essential factor in our successful existence on the market and the resulting close relationship with the electrical trade.

Busch-Jaeger products are only available from specialist electricians.

## Solution-oriented ranges for success

solo®

Busch-triton®

Busch Watchdog

The range extends from the complete electrical installation program with switches, sockets, special devices, DIN rail mounted devices, dimmers and motion detectors to electronic high-tech products such as Busch-Installationsbus® EIB and Busch-Powernet® EIB. These devices are available for the optimisation of energy and the convenient central control of electrical loads in the private and commercial sector. In total, the range encompasses 5,700 electrical installation products.

Busch-Jaeger products correspond to the high standard of quality stipulated in DIN EN ISO 9001.

Moreover, we have installed a modern, ecological management system which exceeds the high requirements of the international standard DIN EN ISO 14001.

# Training and Services

Customer training centre, Lüdenscheid

## Strikink a high note

Customer training centre, Lüdenscheid

After the reception building, the 1,380 m<sup>2</sup> training centre, fitted with highly modern media and conference technology, is a further architectural high point in the 114,000 m<sup>2</sup> company grounds. "The purpose of this new building is to send a signal to the market. It forms part of a vision which focuses on the customer and guides our employees. Skilled craftsmen need modern industry and modern industry needs skilled craftsmen".  
(Heinz-Peter Paffenholz, Chairman)

### We are there for you

The customers of today place demands on contact partners which far exceed previous expectations. It is no longer sufficient to merely carry out their requests. They require committed, self-confident and decisive people. Please contact our export department.
